PROJECT PROPOSAL

Hello Alex,

Thank you for sharing your project. Based on your request, here is a proposed approach.

1. PROJECT UNDERSTANDING

You are looking for support with Website Design. The project brief provided: “I need a professional website for my restaurant.

It should include a menu, contact page and reservation form.

I want a modern design that works on mobile.”

2. PROPOSED SCOPE

The exact deliverables should be confirmed together before work begins. The scope can include:

• Website Design

• Clarification of requirements and agreed deliverables

• Final review and delivery

3. WORKFLOW

1. Review the requirements and confirm the final scope.

2. Complete the agreed work and share a review version.

3. Apply the agreed revisions and deliver the final files.

4. TIMELINE

Target deadline: 7 days. This should be confirmed after the scope is agreed.

5. BUDGET

Indicative budget provided: 500 EUR. Payment milestones and any applicable taxes should be agreed in writing.

6. NEXT STEP

If this approach works for you, please confirm the scope and any missing details so we can agree on the final quote and start date.

Best regards,
